

PEDESTRIAN AND VEHICLE SAFETY TRAINING PROCEDURE

1302.46 Family support services for health, nutrition and mental health.

(a) *Parent collaboration.* Programs must collaborate with parents to promote children's health and well-being by providing medical, oral, nutrition and mental health education support services that are understandable to individuals, including individuals with low health literacy.

(v) Learn about appropriate vehicle and pedestrian safety for keeping children safe.

Procedure:

Part-Day Sites:

- Pedestrian Safety training will be conducted within the first 60 days of the program year and as needed.
- Teachers and teaching staff will use the Talk About Touch (*Unit 1 Lesson 2—Learning Traffic Safety*) curriculum as the training material, and will be able to enhance with other materials if they choose; for example, safe kids curriculum, videos, brochures, and games.
- Each center will put the certificate and sign in sheet in the Family Notebook.

EHS and Head Start Full Day/Full Year Program Options:

- Pedestrian Safety training will be conducted within the first 60 days of the program year, preferable at the First Family Gathering or Socialization of the year, and as needed.
- Staff will use the Talk About Touch (*Unit 1 Lesson 2—Learning Traffic Safety*) curriculum as the training material and will be able to enhance with other materials if they choose; for example, safe kids curriculum, videos, brochures and games.
- Each program option will put the certificate and sign in sheet in the Family Notebook/Socialization Notebook.

**Health Program Manager will collect dates when Pedestrian Safety has been completed.*
